

Meddelanden om systemet inför OBS-1 för paret Daniel Auby-Per Hallberg.

1) Mini-NT

In first and second position nonvul and in third position green vs red we play 1NT=10-12 bal. If the opening was in first hand, responder must not pass with 0-5 hcp, but must improvise some bid according to Forcing Stayman. A pass would show 6+ hcp.

2) Brown sticker: Multi 2H-opening

In 1-3 position nonvul we play

2H = a) 7-10, 6* H

b) 0-4, 6* S

c) 0-7, 5* S

For continuation, see the supplementary sheet.

3) Responses to 1D/H-opening

Over the opening 1red a relay bid shows

a) 7+, 4+ in the suit bid

b) 11+, G/T+ strength with any distribution (starting relays)

Over 1D, there is a third alternative:

c) 0-6, 3+ in the suit bid (ie. hearts)

4) Reversed s/p-signalling

In defense, where our agreements dictate suit preference signals, we play low card = interest in higher ranked suit, that is, the opposite of what is standard.
